PLASSON's Advanced Feeding System for Turkey Poults

PLASSON'S Turkey Poults Feeder Pan advantages:

- The unique design of the feed pan has proven results for achieving better feed conversion and healthier Turkey Poults
- The pan is designed especially for brooding Turkey Poults
- The open grill pan allows easy access and good visibility to the feed for day old Turkey Poults
- Flooding mechanism designed to stimulate feed consumption during the first days of brooding Turkey Poults
- Adjustable feed regulator enables to repeat flooding of feed at any given moment during grow out
- The PLASSON Non grill system keeps Turkey Poults from getting trapped and perching in the pan
- Retaining lips enables easy access to the feed while ensuring no spill and no waste from the pans
- The pan easily attaches to most feed systems
- PLASSON quality ensures durability and longevity
